## The Red Truck

Tedd has a truck. The truck is red.

Ted gets gas in his truck. Ted fills it

up. Ted's red truck runs fast. The

red truck went up a hill. The red

truck went past a bell. The red truck

went past a well. The red truck went

past a frog and a log and a hog. The

red truck went past a lock and a clock

and a block and a sock. The red truck

went past a nest and a pest and a

vest. It went past a lamp and a camp

and a stamp. The red truck went past  
a top and a mop. A drop hit the top of  
the truck! It went past a bed and a  
sled and ten men and a hen in a pen!  
The red truck went past a pin and a  
bin and a big, big wig! It went past a  
cat and a mat and a stick and a brick.  
Bump-te-bump-te-bump! The red  
truck is bent. It has a big dent! If  
Ted cannot mend it, the big steps will  
end it! **The End.**
